Solarfocus GmbH guarantee - from the moment of transfer to - the supplied company:

- ✓ Supply of perfect equipment is tested quality.
- ✓ Ten years operational guarantee

In the event that there is shortcoming in the solar collector supplied by us within the guarantee period, the following **guarantee service** is applicable:

- ✓ **5 Years:** compensation delivery free of charge and acceptance of the costs of replacement
- ✓ **From the 6th year:** we make a compensation delivery of the equipment free of charge

Costs of Replacement: We are released from this obligation, if the damage is not reported to us and proven without delay after it is established by a contracted specialist and before the repair has taken place. Only after consultation and clarification of the costs of replacement it is decided by the guarantor how the costs of replacement will be reimbursed.

Guarantee Claim only with Confirmed Guarantee Certificate

Excluded from the Warranty or Guarantee:

- ✓ **Glass Breakage and discrepancies of the colour and structure of the glass.**
- ✓ Fitting costs (from the 6th year).
- ✓ Damage incurred by the use of the collectors in unsuitable areas of application or improper usage against our technical data and instruction manuals.
- ✓ Effects which are at least partially caused by damage by third parties, force majeure and improper dosage of frost protection or pH value adjustment.
